LUCIDEL en la idea de la FV
LUMINOSIDAD en la caracterización.

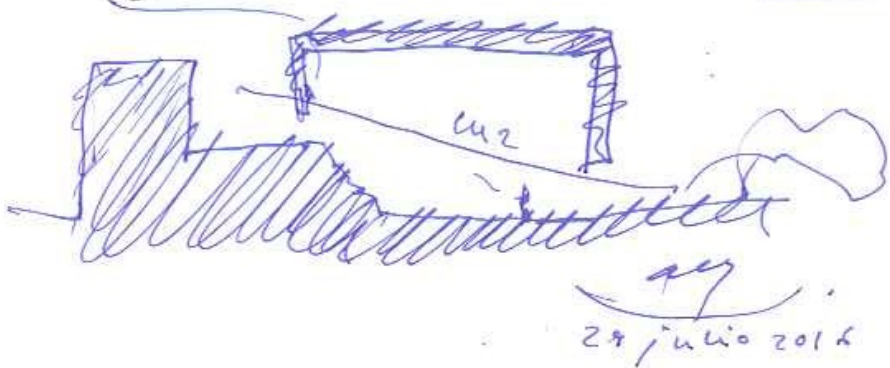

after Wagensberg

el gozo intelectual es lúcido.
el disfrute intelectual es luminoso!

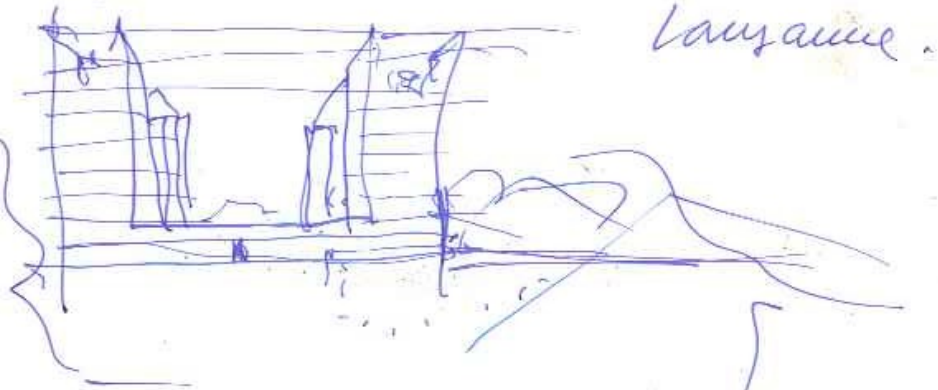

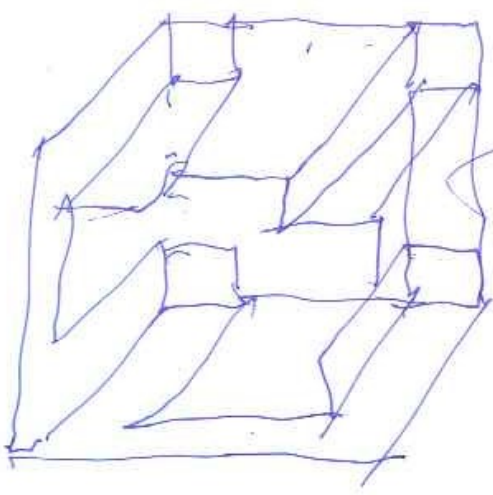

el conocimiento es lúcido.
la sensación es luminosa.

65

- 1 con la información se enciende la luz
- 2 al conocer se enciende la luz (la bombilla)
- 3 al disfrutar se multiplica la luz (el resplandor)
