En la parte de arriba de la ciudad en la colina de la torreta
está el cementerio como una alhambra viva que almorza
lunetas en sus anchos puentes y las monjas besan como
chicharrones, pitando silencio protestando se flete de
descanso lo exhibieron a tristezas y hambres que se
quejaban de la muerte debido quizás a pobreza.
A la salida mezclado con el olor a putrefacción
tierra y naturaleza jóvenes viéndose venden monjes
de arroz uniendo los tipos de cosas negras. Una
banda de músicos toca música rural y más bien un
conjunto de cinco bombo y platillo que le sirven
en ~~bata~~ algo que parece perfectamente en el
ambiente desahogado y crecen a forcez ^{entonces me la van dando una batidora para}
la venden reses, pedales tristes, platos coridos y más
la venta usual reses y salvo los uniformes estudiantiles.

Eni todos tienen con el cuadro de Hermenegildo Bustos el 30
 por ciento Indio surrealista. Las unhas son
 como conventos de donde se saca una piedra por
 verdon y el lago a convertirse en plate para los altes
 de iglesias enanas y mas como la Valenciana tan
 crea de la unta. No hay unmo ya ni casi quomo
 los reples montros de coere fin que luego son
 unjos de futbol la universidad de enmas
 guetas para el estilo de un Azule enillo que
 ante a la inauguracion del teatro Don Porfirio Diaz
 un una unja un los colmillos blancos
 de ojo macho.
