Guerico Andrea: 2011/
He estado esta mañana en el
pasado parte del
Panteon. Al principio el dia era
vachante y el sol ya habia puetra-
do por el óculo posándose, al principio
fundamente, sobre los casetones del
interior de la cúpula. Cuando me
me marchado, casi al mediodia, la
mancha de luz, bien definida ~~se~~
sobre la fuente geométrica, habia cre-
cido bastante y habia recorrido
ya un gran trecho de su acostumbrado
paseo. En este tiempo, largo y corto,
suspendido, me lloraba, se han helado
mis lágrimas, y he vuelto a llorar.
No voy más en queda con el Panteon
